

CohortX Challenge Showcase — MICCAI 2026

1 October 2026 • Leicester Room • Strasbourg Convention Center, Strasbourg, France

The extraction of medical cohort criteria from unstructured text holds transformative promise for clinical trials and medical database curation, but this progress is fundamentally challenged by the massive complexity of biomedical language and the lack of standardized formats for digital health systems. The CohortX Challenge integrates advanced natural language processing, semantic structuring, and standardized clinical coding into a singular, collaborative forum to bridge the gap between messy medical data and executable health insights.

TIME	SESSION
08:00 - 08:17	Introduction and Presentation of the CohortX Challenge Anas H. Alzahrani
08:17 - 08:47	All Tasks Solution: NTUA
08:47 - 09:17	All Tasks Solution: Alan T. Andrea
09:17 - 09:31	Task 2 and 3 Solution: Md Raihan
09:31 - 09:45	Task 2 and 3 Solution: Yingfali
09:45 - 10:00	Q&A for the Participants
10:00 - 10:30	Coffee Break
10:30 - 10:44	Task 2 and 3 Solution: Ngọc Hưng Nguyễn
10:44 - 10:59	Task 1 Solution: Sanket Kachole
10:59 - 11:05	Task 2 Solution: Jason Karpeles
11:05 - 11:11	Task 2 Solution: Mohit
11:11 - 11:17	Task 2 Solution: Harsh Rajbhar
11:17 - 11:23	Task 2 Solution: Kirscher
11:23 - 11:31	Task 3 Solution: Monash AIM
11:31 - 11:46	Q&A for the Participants
11:46 - 12:20	Results and Discussion Anas H. Alzahrani
12:20 - 12:30	Q&A for Results and Discussion

P.S. — Poster Showcase during the Coffee Break

During the coffee break, four posters will be displayed, providing an overview of the CohortX Challenge and presenting the final results of its three tasks. Participants and attendees are warmly invited to visit the posters, learn more about the Challenge, and engage in discussions with the organizers and fellow participants.
